AN ICON IS CREATED!

We had an idea - a vision. We designed, calculated, optimised and lost a lot of sweat. We held countless meetings, discussed, discarded and reborn. It was worth it! The result: a working space in a class of its own.

Our new TB8000 toolboard will give you a new working experience. Under the motto 'form follows function', we have developed a workstation for you that has been thought through down to the last detail.

LANDED.

TB8000 HIGHLIGHTS

TB8000

DRAWER TECHNOLOGY

EXTRA WIDE AND STABLE DRAWER

RUNNERS.

Our drawers run on extra-wide 53 mm rails and have a high load capacity with a high safety reserve. The rails are only loaded to approx. 50% of their maximum load capacity and therefore have less wear and a long service life. With a load of 50 kg, we guarantee at least 25,000 openings.

COMFORT IS A TOP PRIORITY.

The drawers' automatic closing mechanism closes them softly and silently.

BIG FLAP WITH A LOT OF POWER.

As our 'strong one' is equipped with 2 pairs of pull-out rails, it can handle weights of up to 80 kg! This makes the drawer perfect for heavy tools.

TB8000

LET ME ENTERTAIN YOU

SW STAHL

SW STAHL

+

DAS MULTIMEDIA-BOARD.

Our multimedia board leaves nothing to be desired. In addition to a device for a monitor, the board contains two 4" high-performance speakers with 160 W output power - the perfect sound for your perfect work.

TB8000

ATTENTION TO DETAIL

INTEGRATED SOCKETS.

Our built-in power strip disappears behind a sliding cover when not in use. The power strip contains three 230V sockets, one USB and one USB-C connection. Ready for any connection!

TB8000 SPOT ON!

THE LIGHTING CONCEPT.

Our LED panels, with integrated touch button, bathe your TB8000 in the right light. The integrated overhead light guarantees a perfect view of your work. And if you need more ambience, then the blue plinth light is just the right choice.

TB8000 INNER VALUES

AWARD-WINNING AND AWARD-WINNING
MOULD INSERTS.

What would our TB8000 be without our best
tools? Equip your drawer cabinets with the tool
inserts of your choice. Only the best tools from
our company for you.

TB8000 AS YOU LIKE IT!

We have developed and designed our TB8000 toolboard on the basis of a modular system. Here, pure beauty and design meet absolute functionality and quality. The TB8000 adapts to every aspect of your space. Customise your TB8000 to be the best partner for you and your work. Whether straight against the wall, as a corner version or as a U or L shape. No matter how difficult the room may be, we will be happy to help you customise your TB8000. BECAUSE NOTHING IS IMPOSSIBLE!

TB8000
CUSTOMISED FOR YOUR
PERFORMANCE

BASE CABINET

6 DRAWERS

- + 6 drawers, 140 mm high, load capacity up to 50 kg
- + Extra strong, 1 mm thick fronts for maximum robustness
- + All drawers are removable and compatible with TT801 tool organiser inserts
- + Design handle bar, ergonomically optimised
- + Automatic pull-in mechanism on each drawer
- + Design body with double-reinforced side panels
- + 2 cable grommets at the rear of the enclosure
- + Ventilation at the rear of the cabinet
- + Height-adjustable feet with hexagon socket for quick adjustment
- + Quick connection and centring of the modules via 2 screw connections
- + Removable skirting board for energy management and cleaning
- + Optional skirting lighting
- + Drawers prepared for optional drawer dividers

COMBINATION OPTIONS

TB8000

YOU HAVE THE CHOICE

With our multifunctional corner module, there are no limits to how you can set up your TB8000. The corner module allows you a wide variety of set-up options. Corner on the left, corner on the right or as a U-shape. Of course, you can configure your corner module as you need it. The base unit as a drawer or shelf version and the back walls as a perforated wall or in the closed version.

- + Bit assortment with bit adapter

DESCRIPTION

- + SW STAHL SYSTEM FOAM INSERT, SIZE 3/3
- + FOR DRAWERS WITH 570 X 400 MM
- + 2-COMPONENT SOFT FOAM INSERT

Article number **Z3011-1**

TB8000 72 INNER VALUES

TOOL ASSORTMENT, BIT-SOCKETS

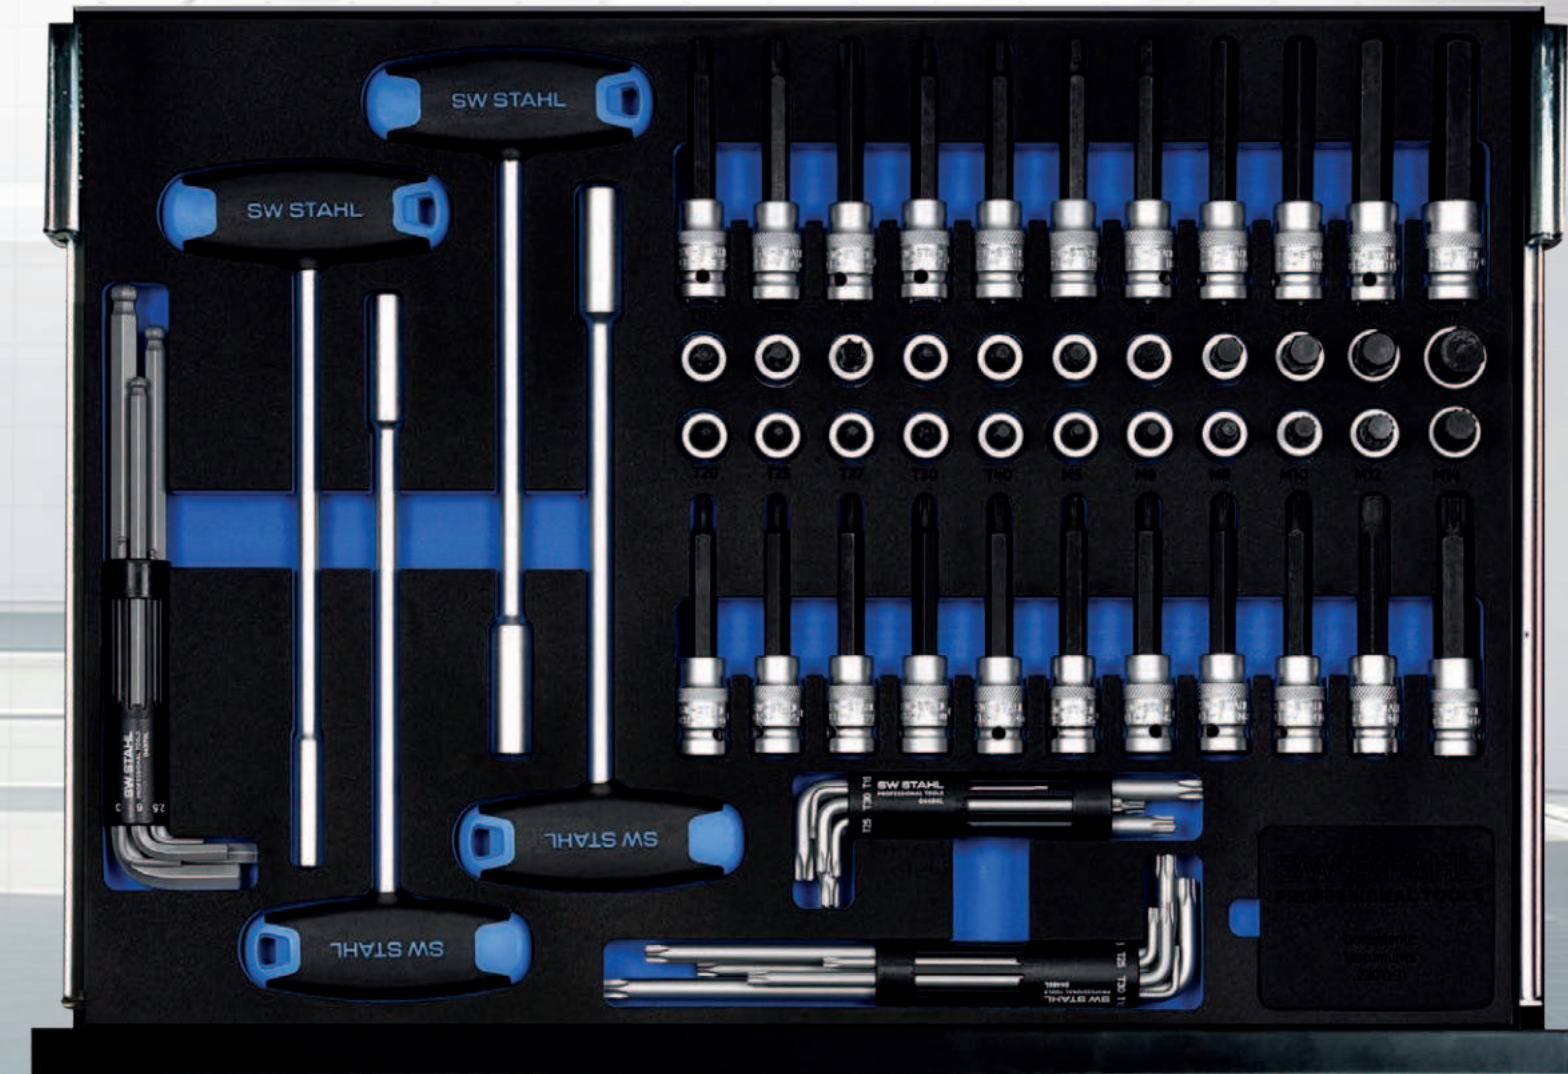

CONTENT

- + Bit-sockets with hexagonal, short, 5 - 17 mm
- + Bit-sockets with hexagonal, long, 5 - 17 mm
- + Bit-sockets, splined, short, M5 - M14
- + Bit-sockets, splined, long, M5 - M14
- + Bit-sockets with T-Profil (Torx®), short, T20 - T55
- + Bit-sockets with T-Profil (Torx®), long, T20 - T55
- + T-handle socket spanner, hexagon, 8 - 13 mm
- + Allen key set, hexagon, 2 - 10 mm
- + Allen key set, T-Profil (Torx®), T10 - T50
- + Allen key set, TR-Profil (Torx® tamper resistant), T10 - T50

DESCRIPTION

- + SW STAHL SYSTEM FOAM INSERT, SIZE 3/3
- + FOR DRAWERS WITH 570 X 400 MM
- + 2-COMPONENT SOFT FOAM INSERT

Article number **Z3011-11**

TB8000 144 INNER VALUES

TOOL ASSORTMENT, SOCKETS 1/4", 3/8", 1/2"

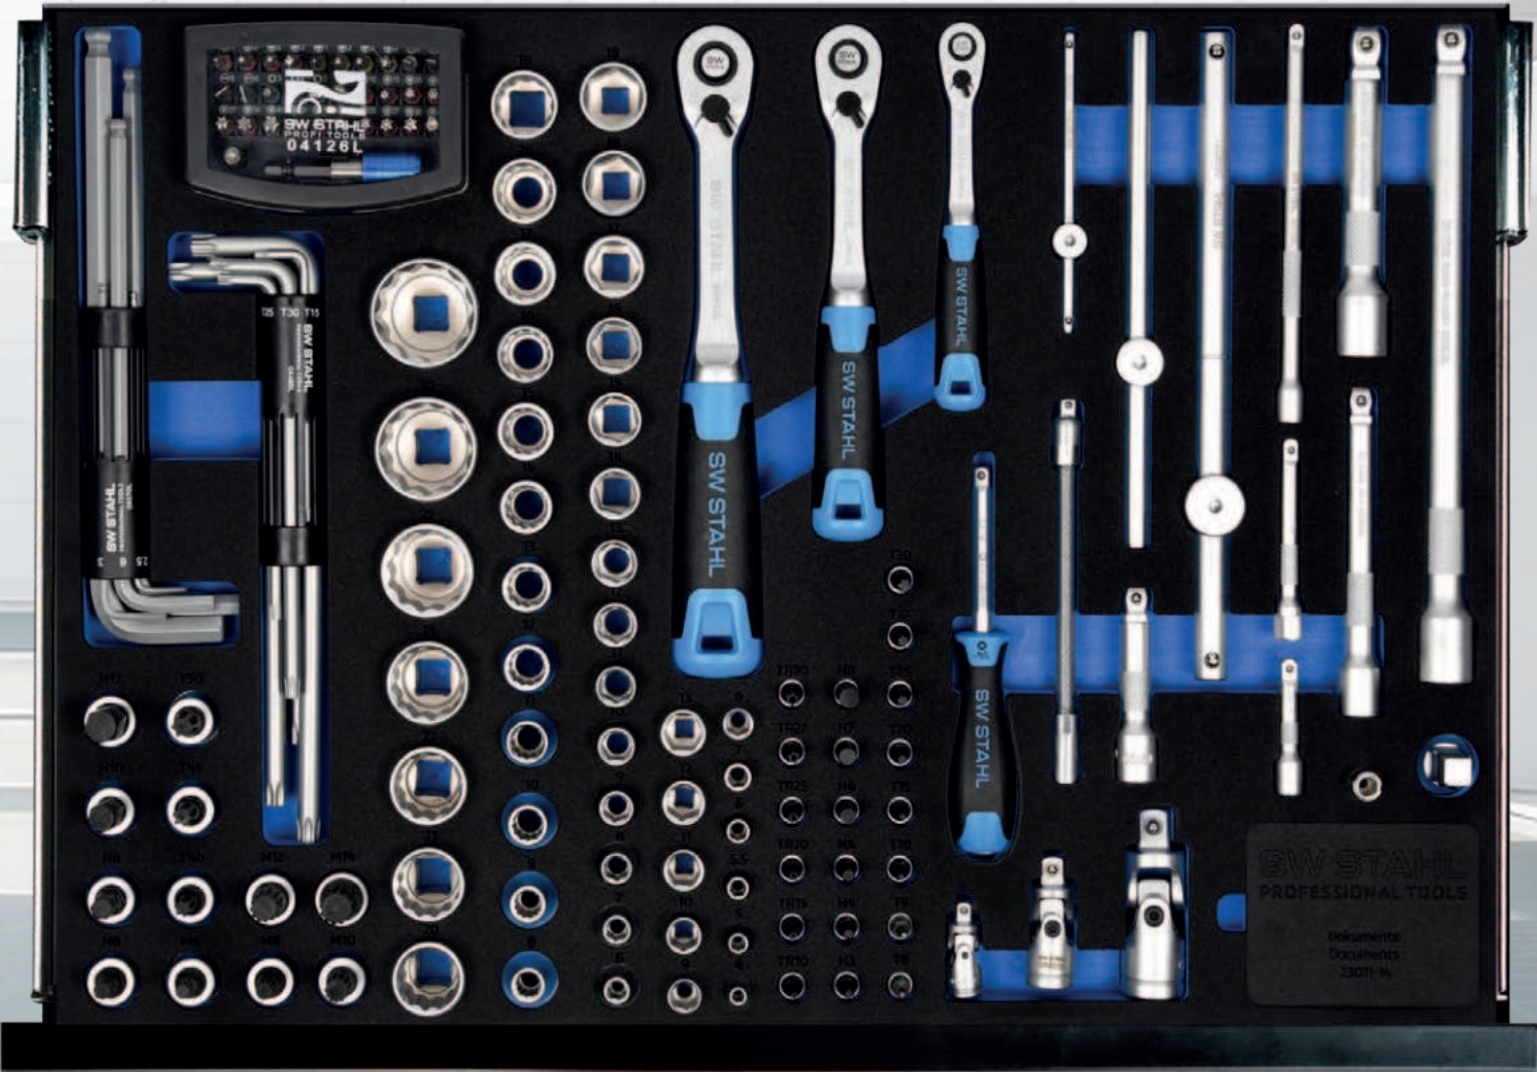

CONTENT

- + Ratchet wrench, slim design
- + Sliding handles
- + Extensions
- + Cardan joints
- + Socket spanners with hex and double-hex, 4 - 32 mm
- + Bit-sockets with hexagonal, 3 - 12 mm
- + Bit-sockets, splined, M6 - M14
- + Bit-sockets with T-Profil (Torx®), T8 - T50
- + Bit-sockets with TR-Profil (Torx® tamper resistant), T10 - T30
- + Bit-sockets with TPR-Profil (TorxPLUS® Security, 5-stars), IP10 - IP30
- + Bit assortment with bit adapter
- + Allen key set, hexagon, 2 - 10 mm
- + Allen key set, T-Profil (Torx®), T10 - T50

DESCRIPTION

- + SW STAHL SYSTEM FOAM INSERT, SIZE 3/3
- + FOR DRAWERS WITH 570 X 400 MM
- + 2-COMPONENT SOFT FOAM INSERT

Article number Z3011-14

ACCESSORIES

SUPPORT 40 WITH ACCESSORIES

- + Sturdy support for wall cabinets
- + Suitable for end-of-row and corner cabinets
- + Force-free assembly by hooking in and then screwing in place
- + Mounting material included
- + Optional fixing to hall wall possible for maximum stability

Article number 085001

SUPPORT 80 WITH ACCESSORIES

- + Stable support for wall-mounted enclosures
- + Suitable for connection points and row extensions
- + Force-free assembly by hooking in and then screwing in place
- + Mounting material included
- + Optional fixing to hall wall possible for maximum stability

Article number 085002

SHELF 600 WITH ACCESSORIES

- + Shelf for all standard base units
- + Load capacity up to 100kg
- + Tool-free assembly
- + 4 quick connectors included

Article number 085004

SHELF 900 WITH ACCESSORIES

- + Shelf for all tall units
- + Load capacity up to 100kg
- + Tool-free assembly
- + 4 quick connectors included

Article number 085007
